“Hearing Ella sing was like falling in love. Hearing Patti sing Ella is like falling in love again.”  
HUGH M HEFNER

Vocal diva Patti Austin delivers a soulful moving tribute to America's first lady of song, Ella Fitzgerald. Austin's riveting new renderings of songs that the legendary Ella immortalized bring these American Songbook classics right up to date. With Ella Fitzgerald's groundbreaking work so intimately linked to her collaborations with Count Basie, it was only natural that the FOR ELLA concert program presents Patti with the ultra-swinging Count Basie Orchestra.
