

"Meticulous, polished and dead serious in their pursuit of vocal excellence, the Voices manage to maintain a genuine playful approach that makes it all look a little too easy. Their stage manner somehow shrinks even the largest venues into intimate cafes where each patron feels personally entertained..."

**Manchester Craftmen's Guild**

"...full of life, teeming with energy and bursting with melody...there's a real charm to the performances that makes it a thoroughly entertaining experience.."

"[A Day Like This] is a sumptuous collection of vocal harmonic heaven... the vocals are a Whitman's Sampler of various flavors and tastes, richer than a dark chocolate bon bon. A disc vocal fans will warm up to immediately"

**All About Jazz LA**

"New York Voices lives up to its reputation as the most exciting vocal ensemble in current jazz."

**Boston Herald**

**New York Voices** is the Grammy Award winning vocal ensemble renowned for their excellence in jazz and the art of group singing. Like the great groups that have come before, such as Lambert, Hendricks and Ross, Singers Unlimited, Manhattan Transfer and Take 6, they have learned from the best and taken the art form to new levels. Their interests are rooted in jazz, but often Brazilian, R & B, classical, and pop influences are included with equal creativity and authenticity.

Don Heckman of the LA Times, noted of their last album, SING SING SING: "revivalist swing fans—both players and listeners—would do well to check out the Voices' capacity to bring a contemporary quality to classic material without sacrificing the essence of either." In 2006, the Voices began shaping a new studio album, taking the group back to its roots with a mix of both Brazilian and Swing tunes, and sprinkling their original compositions throughout. The new album, entitled, A DAY LIKE THIS, on the MCG Jazz Label, represents the very best of the NYV's eclectic musical pallet, since it is a fact that on any given day this group might be performing Brazilian music, or big band charts, or original music, or an all a cappella arrangement. This recording captures the best of all worlds.

NYV has traveled the globe with their elegant music, befriending people everywhere they go. They have appeared on the stages of Carnegie Hall, Lincoln Center, The Kennedy Center, The Blue Note (Japan, NYC), The Austria Opera House, The Zurich Opera House, The Concertgebouw in Amsterdam, and other major venues too numerous to list.
